RUFUS

That's my dog's name.

I want it now!

Shopping isn't online or offline anymore. Many consumers now want it all and want it now: visiting stores, shopping online, and looking at their phone.

Consumers want what is more convenient at that moment!

Visiting Stores

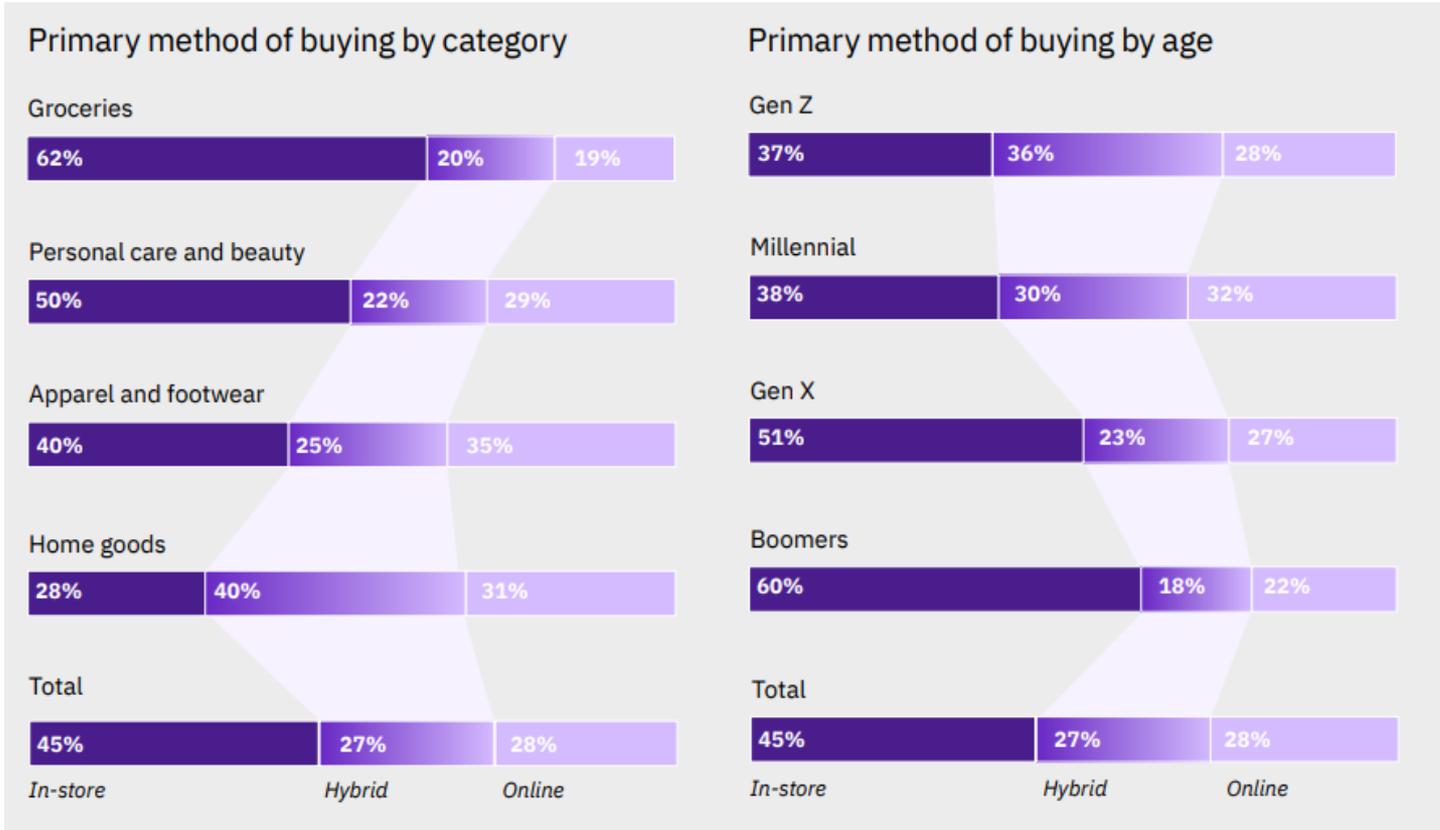

Shopping online

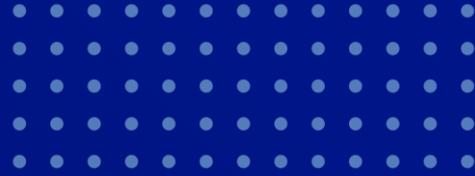

Mobile or app

But what are you really getting?

Blurring Between On and Off Line

NRF Report

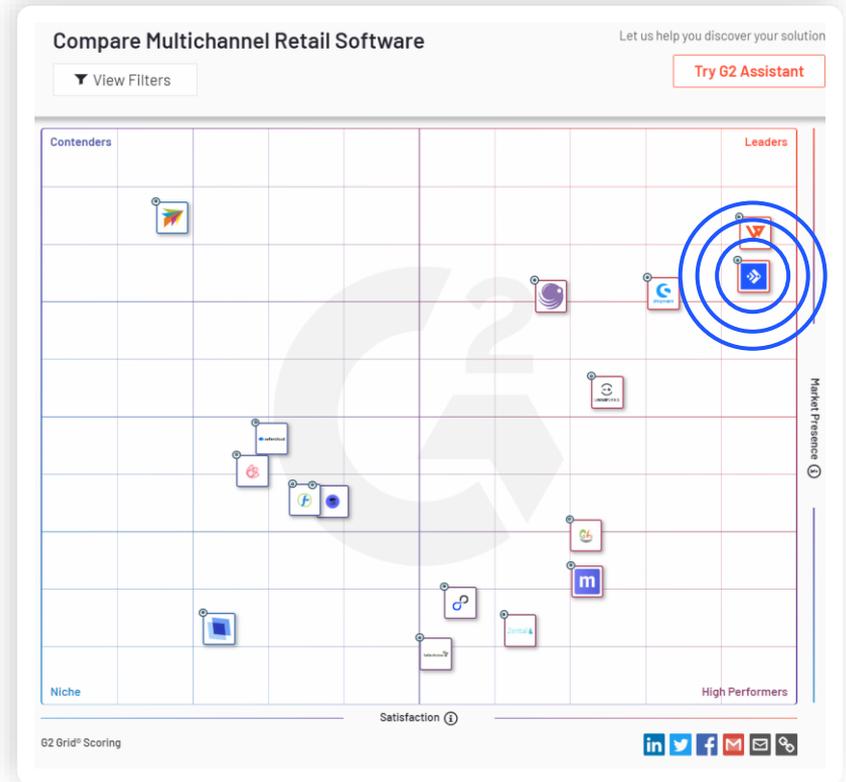

I want it now... you do too

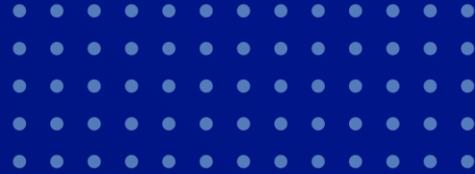

The recognized market leader

G2, one of the top third-party review sites for software and services, recognizes Feedonomics as a market leader in multichannel retail software.

Multichannel retail software helps sellers consolidate their listings so they can easily manage product data and ensure inventory and order data is accurate across multiple channels and systems.

Thank you!
