

ERP Unleashed: Solving Retail Accounting & Inventory Challenges with Ease

About Me:

- **In ERP for 20+ Years**
- **Live in Chicago**
- **Podcast Host:**
 - **ABC's of ERP & Beyond**

HOST: NIRAV SHAH

President, AdCirrus ERP

About Us

We Are a Reliable **Gold** Acumatica Partner Based in Chicago, IL

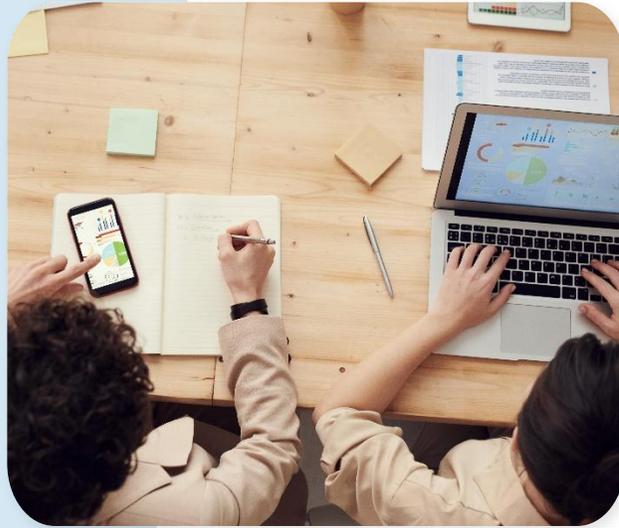

- 20 + years of ERP implementation experience with best practices.
- Team consists of only senior level implementation specialists.
- We focus on improving back-end operations for retail e-commerce companies.

Our Vision

We believe that the world's most successful businesses are shaped by a forward-thinking vision and underpinned by robust ERP solutions that help innovative leaders maximize their growth.

80%

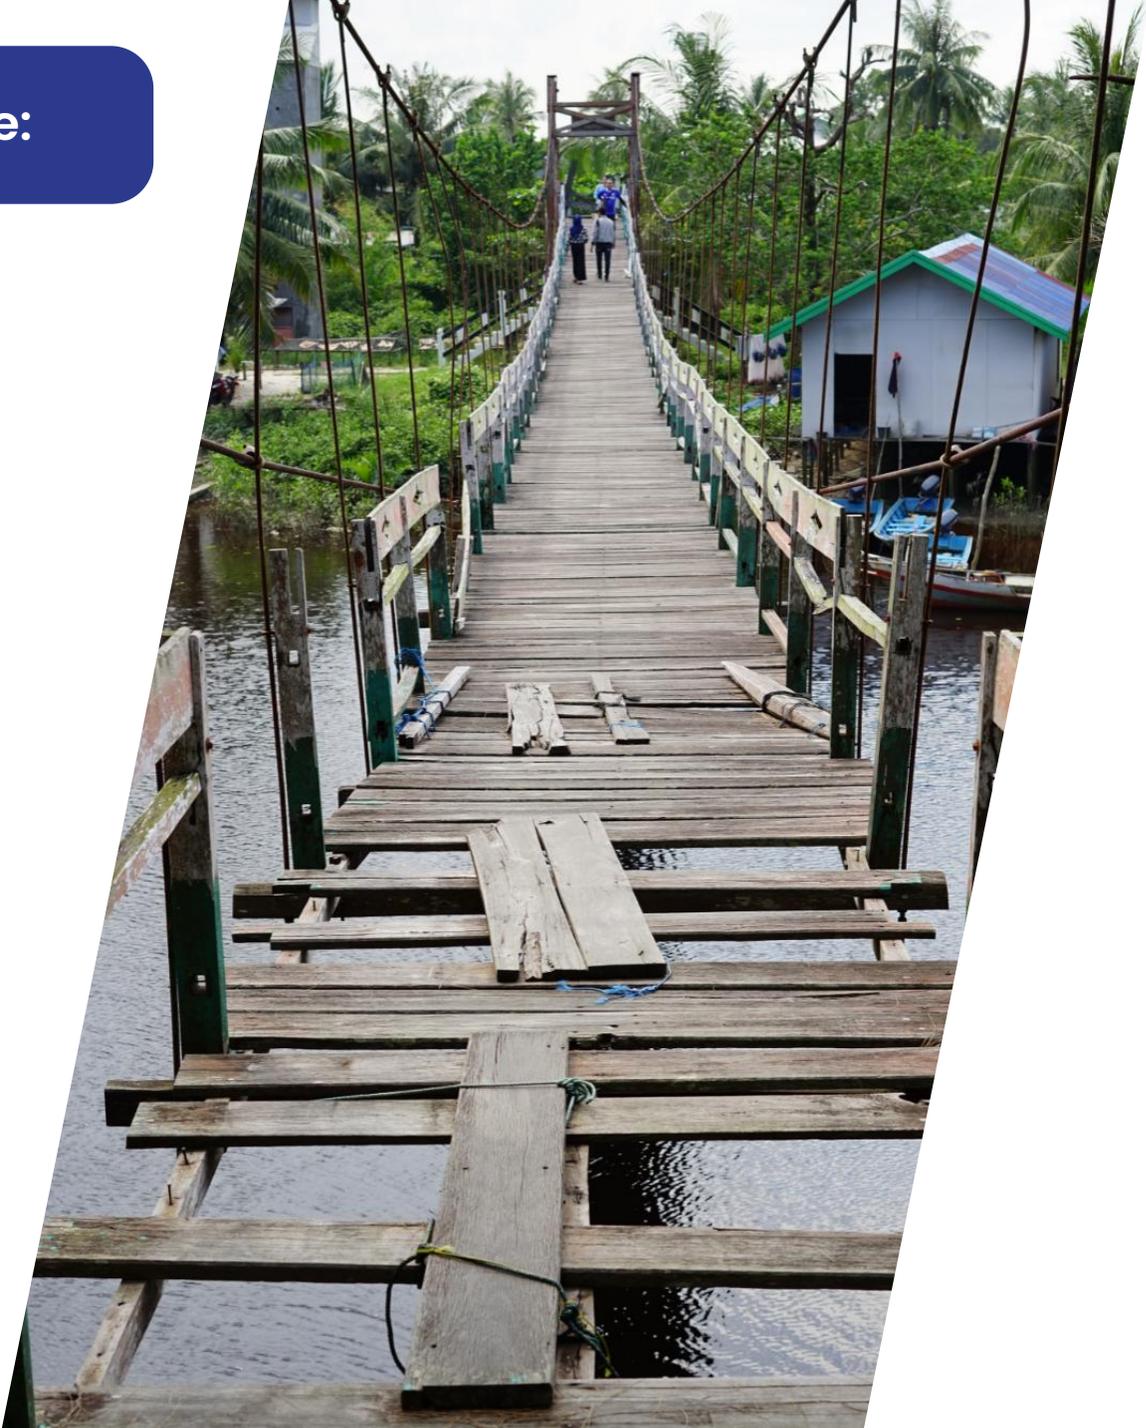

Through 2026, 80% of companies will suffer significant value loss due to a failure to merge their digital supply chain with Enterprise Resource Planning

[Gartner predicts the future of supply chain](#)

Inventory Challenges Current State:

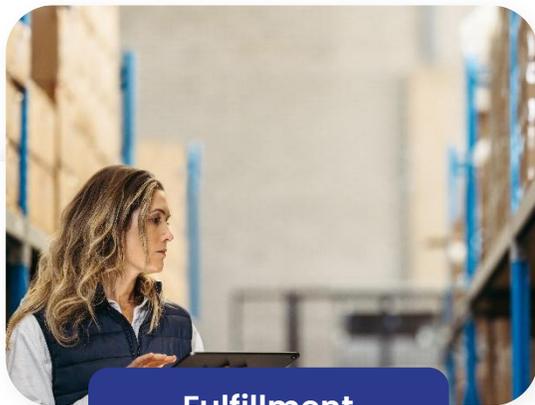

Bridge represents, many disparate systems where creating manual work-arounds to keep inventory accurate and reliable.
